# About Company

## Raghuvanshi Rubber Industries

We “Raghuvanshi Rubber Industries” founded in the year 1983 are a renowned firm that is engaged in manufacturing a wide assortment of Rubber Washer, Rubber Cord, Rubber Bush, Oil Seal, Rubber Ring, etc. We have a wide and well functional infrastructural unit that is situated at Umbergaon (Gujarat, India) and helps us in making a remarkable collection of products as per the global set standards. We are a Sole Proprietorship company that is managed under the headship of "Mrs. Jeetbala Vig" (Owner) and have achieved a significant position in this sector.

**Vijay Vig**  
Managing Director

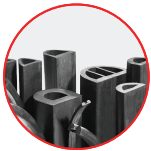

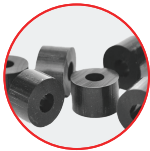

**“We pride ourselves on offering customized solutions tailored to meet the unique needs of our clients. Whether it’s sealing, insulation, vibration damping, or critical protection, we ensure our products meet the highest standards of quality, durability, and precision.”**

# Products Category

Raghuvanshi Rubber Industries offers a wide range of high-quality rubber products, including custom extrusions, cords, beadings, printing rollers, bushes, grommets, O-rings, seals, washers, suction caps, and tiffin caps. Our products are crafted from premium materials like NR, NBR, EPDM, Silicone, Viton, and PU to meet diverse industrial needs. Designed for applications in sealing, insulation, vibration control, and protection, our solutions serve sectors like automotive, electronics, packaging, and food. We focus on delivering precision, durability, and custom-fit solutions that ensure reliable performance, making us a trusted partner for industries across India and beyond.

 Extrusion Products	 Rubber Washers	 Rubber O-Rings	 Tiffin Caps	 Rubber Grommets
 Rubber Seals	 Printing Rollers	 Rubber Brushes	 Rubber Cords	 Sucker Caps

## 01

### Extrusion Products

**APPLICATION:** All cross-sectional profiles can be tailored to meet specific design and functional requirements. Ideal for sealing, insulation, and vibration control across industries.

**SIZE AVAILABILITY:** O type,U type, V type,T type, P type, etc  
All the cross section Extruded products is available

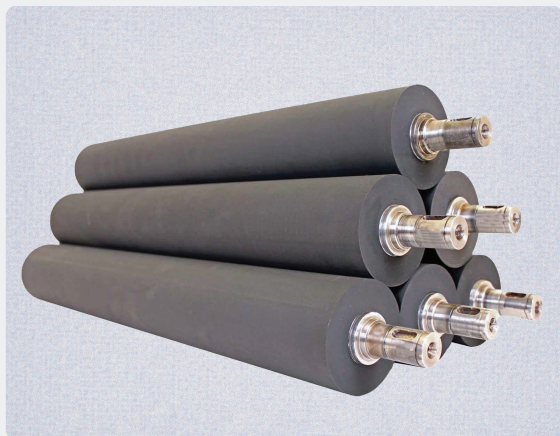

# 02

## Printing Rollers

**POLYMER:** High-performance printing rollers manufactured using premium polymers like Hypalon (CSM), HNBR, NBR, Silicone, etc.

**SIZE AVAILABILITY:** Custom diameters and surface finishes tailored to specific customer requirements.

# 03

## Rubber Brushes

**POLYMER:** Manufactured using a variety of polymers including NR, SBR, NBR, Silicone, Viton, and PU for versatile performance.

**SIZE AVAILABILITY:** Customization available with different geometries based on customer drawings.

# 04

## Rubber Cords & Beadings

**APPLICATION:** Manufactured through high precision extrusion, suitable for sealing, insulation, and edge protection.

**SIZE AVAILABILITY:** O type, U type, V type, T type, P type, etc. All the cross section custom sizes and shapes available to meet specific application needs.

# 05

## Rubber Grommets

**APPLICATION:** Durable rubber grommets designed to protect cables, wires, and hoses from abrasion, vibration, and sharp edges.

**SIZE AVAILABILITY:** Different sizes and cross section washers are available with Custom designs can be provided as per specifications of customer needs

# 06

## Rubber O-Rings

**POLYMER:** NBR, Viton, EPDM, Silicone, etc.

**APPLICATION:** Ideal for static and dynamic sealing in hydraulic, pneumatic, and industrial applications.

**SIZE AVAILABILITY:** Available in standard and custom sizes, built to handle pressure, temperature, and chemical exposure effectively.

# 07

## Rubber Seals

**POLYMER:** NR, SBR, NBR, N T Carbo, and PU.

**APPLICATION:** Designed to provide excellent sealing in various industrial and plumbing applications. Custom sizes available to fit specific needs.

**SIZE AVAILABILITY:** 6mm to 600mm, tailored to match given pipe dimensions.

# 08

## Rubber Washers

**POLYMER:** Precision-engineered rubber washers made from PTFE, PVC, high-performance elastomers, NR, SBR, NBR, EPDM, and more

**SIZE AVAILABILITY:** Various sizes and cross-sections, fully customizable to customer specifications.

# 09

## Sucker Caps

**APPLICATION:** Vacuum-based suction caps designed for secure gripping and smooth transfer of materials in automation, packaging, and handling systems.

**SIZE AVAILABILITY:** Custom sizes and designs available to match specific equipment or material types.

# 10

## Tiffin Caps

**POLYMER:** Made from food-grade polymers, durable, heat-resistant, and safe for daily use.

**APPLICATION:** Rubber caps specially designed for airtight sealing of tiffin containers, ensuring leak-proof performance and freshness retention.

**SIZE AVAILABILITY:** Available in custom sizes to fit various tiffin models.

# Industries We Serve

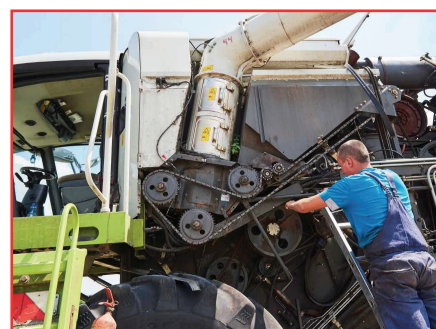

we serve a diverse range of industries with precision-engineered rubber solutions. Our products are trusted across automotive, Construction, packaging, food processing, electronics, pharmaceuticals, and more. Whether it's vibration control, sealing, insulation, or protection, we deliver reliable solutions tailored for specific industry needs ensuring performance, durability, and innovation in every application.

Automotive

Construction

Industrial Machinery

Packaging

Food & Beverage

Pharmaceuticals

Electronics

Energy & Power

# Why Choose us

## Tailored Rubber Solutions

We specialize in creating custom rubber products that meet specific client requirements across diverse industries, ensuring optimal performance in every application.

## Material Expertise

Our deep knowledge of elastomers like NR, NBR, EPDM, and Silicone allows us to recommend the best material for durability, flexibility, and chemical resistance.

## Quality Assurance

We follow strict quality control protocols, ensuring that every product adheres to industry standards and exceeds customer expectations.

## Reliable Delivery & Support

Our commitment to timely delivery and responsive customer service makes us a trusted partner for projects of any scale, ensuring smooth operations for clients.

# Values

## Customer First

We prioritize understanding customer needs, preferences, and feedback to deliver exceptional products and services that exceed expectations.

## Integrity

We uphold the highest standards of ethics, honesty, and transparency in all our interactions, ensuring fairness, accountability, and long-term trust.

## Innovation

We embrace continuous improvement by fostering creativity, adapting to industry trends, and applying new technologies to deliver cutting-edge rubber solutions.

## Collaboration & Sustainability

We believe in teamwork, inclusivity, and eco-friendly practices that respect the environment and contribute to a better future for all.
